Short Description
Sure Fire Magneto Replacement Electronic Ignition System for Triumph/Bsa/Norton Pre-Unit Twin Cylinder Motorcycles with 6 Volt electrics (positive or negative earth). Replaces Lucas K2F/BTH magneto.

The PAZON SURE-FIRE Ignition System is the worry-free solution to keeping your classic bike on the road.

Description
Unreliable magneto?

Magneto servicing intervals too short?

Difficulty starting, especially when hot?

The Pazon Sure-Fire Magneto Replacement Ignition System is the worry-free solution to keeping your classic bike on the road.

What motorcycles does it fit?
Triumph/Bsa/Norton Pre-Unit Twin Cylinder Motorcycles, originally fitted with a Lucas K2F or BTH type magneto.
Suits 6 Volt electrics (positive or negative earth).

This system completely replaces the original magneto, and includes one 6 volt dual

output ignition coil (built-in h.t. leads), coil mounting/heatsink kit and plug caps.
The result is easier starting, better idling, smoother running and very low maintenance.

New to electronic ignitions?
Every SURE-FIRE system includes a comprehensive full colour installation booklet to guide you through, with easy-to-read, detailed instructions, photos, wiring diagrams and advance curves.

7½ year warranty
