Description
Unreliable magneto?

Magneto servicing intervals too short?

Difficulty starting, especially when hot?

The Pazon Sure-Fire Magneto Replacement Ignition System is the worry-free solution to keeping your classic bike on the road.

What motorcycles does it fit?
Triumph/Bsa/Norton Pre-Unit Twin Cylinder Motorcycles, originally fitted with a Lucas K1F or BTH type magneto.
Suits 6 Volt electrics (positive or negative earth).

This system completely replaces the original magneto, and includes ignition coil, coil

clamp, h.t. (plug) lead and plug cap.
The result is easier starting, better idling, smoother running and very low maintenance.

New to electronic ignitions?
Every SURE-FIRE system includes a comprehensive full colour installation booklet to guide you through, with easy-to-read, detailed instructions, photos, wiring diagrams and advance curves.

7½ year warranty
